

Livestock Indemnity Program (LIP)

OVERVIEW

The Agricultural Act of 2014 (2014 Farm Bill) authorized the Livestock Indemnity Program (LIP) to provide benefits to livestock producers for livestock deaths in excess of normal mortality caused by adverse weather. In addition, LIP covers attacks by animals reintroduced into the wild by the federal government or protected by federal law, including wolves and avian predators. LIP payments are equal to 75 percent of the market value of the applicable livestock on the day before the date of death of the livestock as determined by the Secretary.

The 2014 Farm Bill makes LIP a permanent program and provides retroactive authority to cover eligible livestock losses back to Oct. 1, 2011.

LIP is administered by the U.S. Department of Agriculture Farm Service Agency (FSA).

ELIGIBLE LIVESTOCK OWNERS

To be eligible for LIP, a livestock producer must have legally owned the eligible livestock on the day the livestock died.

Owners of the following types of livestock may be eligible for LIP:

Cattle	Poultry	Swine	Other
Adult Beef Bulls	Chickens, Broilers, Pullets (regular size)	Swine, Feeder Pigs (less than 50 pounds)	Alpacas
Adult Beef Cows	Chickens, Chicks	Swine, Sows, Boars, Barrows, Gilts (50 to 150 pounds)	Deer

Livestock Indemnity Program (LIP)

March 2015

To be eligible for LIP, an owner's livestock must:

- Have died as a direct result of an eligible adverse weather event occurring;
 - On or after Oct. 1, 2011, and;
 - No later than 60 calendar days from the ending date of the applicable adverse weather event, and;
 - In the calendar year for which benefits are requested.
- Have been maintained for commercial use as part of a farming operation on the day they died and;
- Not have been produced for reasons other than commercial use as part of a farming operation. Excluded livestock includes wild free roaming animals, pets or animals used for recreational purposes, such as hunting, roping or for show.

ELIGIBLE LIVESTOCK CONTRACT GROWERS

To be eligible for LIP, a contract grower must have had the following on the day the livestock died:

- Possession and control of the eligible livestock and;
- A written agreement with the eligible livestock owner setting the specific terms, conditions and obligations of the parties involved regarding the production of livestock.

In addition to the requirements listed for livestock owners above, the only eligible livestock of contract growers under LIP are poultry and swine.

PAYMENTS

LIP payments are calculated by multiplying the national payment rate for each livestock category by the number of eligible livestock in each category. National payment rates are found at the end of this fact sheet.

The LIP national payment rate for eligible livestock owners are based on 75 percent of the average fair market value of the livestock.

The LIP national payment rate for eligible livestock contract growers are based on 75 percent

of the average income loss sustained by the contract grower with respect to the dead livestock.

A contract grower's LIP payment will be reduced by the amount of monetary compensation received from their contractor for the loss of income suffered from the death of livestock under contract.

PAYMENT LIMITATIONS AND ADJUSTED GROSS INCOME (AGI)

For 2012 and subsequent program years, no person or legal entity, excluding a joint venture or general partnership, may receive directly or indirectly, more than \$125,000 total in payments under the Livestock Forage Disaster Program, the Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program and LIP combined.

In applying the limitation on average adjusted gross income, an individual or entity is ineligible for payment under LIP if the average AGI of the individual or entity exceeds \$900,000.

Direct attribution provisions apply to LIP for 2011 and subsequent years. Under direct attribution, any payment to a legal entity also will be considered for payment limitation purposes to be a payment to persons or legal entities with an interest in the legal entity or in a sub-entity.

- 30 calendar days of when the loss of livestock is apparent to the producer; or
 - 30 calendar days after the end of the calendar year in which the loss of livestock occurred.
- documents;
 - Written contracts, records assembled for tax purposes, private insurance documents, and other similar reliable documents.

The following table provides the final dates to file a notice of loss and application for payments:

Applicants must provide adequate proof that the eligible livestock deaths occurred as a direct result of an eligible adverse weather event or eligible

Date of Livestock Death	Final Date to File Notice of Loss	Final Date to Submit an Application for Payment
Calendar Year 2015 and all subsequent years	30 days after death is apparent	Jan. 30 after the calendar year in which the loss occurred.

The producer must include a copy of the grower contract if he/she is a contract grower and any other supporting documents required for determining eligibility. Supporting documents must show evidence of loss, current physical location of livestock in inventory and location of the livestock at the time of death.

attack by an eligible animal or avian predator in the calendar year for which benefits are being requested. The quantity and kind of livestock that died as a direct result of the eligible event may be documented by:

Payments may be made for eligible losses suffered by an eligible producer who is now deceased or for a dissolved entity if a currently authorized representative signs the application for payment. Proof of authority to sign for a deceased individual or dissolved entity must be provided. If a producer is a dissolved entity, all former members at the time of dissolution or their duly authorized representative(s) must sign the application for payment.

LIVESTOCK DEATH LOSS DOCUMENTATION

Livestock owners should record all pertinent information of livestock death losses due to adverse weather and attacks by animals reintroduced into the wild by the federal government or protected by federal law.

If adequate verifiable proof of death records documentation is not available, FSA will accept reliable records in conjunction with verifiable beginning and ending inventory records as proof of death. Reliable records may include, but are not limited to;

Documentation of the number and kind of livestock that have died, supplemented if possible by such items as, but not limited to:

- Photographs or video records to document the loss, dated if possible;
- Purchase records, veterinarian records, production records, bank or other loan

- Contemporaneous producer records existing at the time of the adverse weather event;
- Pictures(s) with a date;
- Brand inspection records;
- Dairy herd improvement records; and
- Similar reliable documents.

FSA will accept certifications of livestock deaths by third parties on form CCC-854 along with

verifiable beginning and ending inventory documentation if the following conditions are met:

- The livestock owner or livestock contract grower, as applicable, certifies in writing:
 - That there is no other documentation of death available;
 - The number of livestock in inventory at the time of the adverse weather event.
- The third party provides their telephone number, address and a written statement containing:
 - Specific details about their knowledge of the livestock deaths;
 - Their affiliation with the livestock owner;
 - The accuracy of the deaths claimed by the livestock owner.

FSA will use data furnished by the applicant to determine eligibility for program benefits. Furnishing the data is voluntary; however, without all required data program benefits will not be approved or provided.
