### FSA Encourages Farmers and Ranchers to Vote in County Committee Elections

The 2020 Farm Service Agency County Committee Elections voting will begin on Nov. 4, when ballots are mailed to eligible voters. The deadline to return the ballots to local FSA offices, or to be postmarked, is Dec. 2, 2020.

County committee members are an important component of the operations of FSA and provide a link between the agricultural community and USDA. Farmers and ranchers elected to county committees help deliver FSA programs at the local level, applying their knowledge and judgment to make decisions on commodity price support programs; conservation programs; incentive indemnity and disaster programs for some commodities; emergency programs and eligibility. FSA committees operate within official regulations designed to carry out federal laws.

To be an eligible voter, farmers and ranchers must participate or cooperate in an FSA program. A person who is not of legal voting

To find contact information for your local office go to [www.fsa.usda.gov/az](http://www.fsa.usda.gov/az)

age but supervises and conducts the farming operations of an entire farm, may also be eligible to vote.

Eligible voters who do not receive a ballot can obtain one from their local USDA Service Center.

Newly elected committee members will take office Jan. 1, 2021.

---

## USDA Announces More Eligible Commodities for CFAP

*Application Deadline Extended to Sept. 11, and Producers Who Have Approved Applications to Receive Final Payments*

USDA announced today that additional commodities are covered by the Coronavirus Food Assistance Program (CFAP) in response to public comments and data. Additionally, the U.S. Department of Agriculture (USDA) is extending the deadline to apply for the program to September 11th, and producers with approved applications will receive their final payment. After reviewing over 1,700 responses, even more farmers and ranchers will have the opportunity for assistance to help keep operations afloat during these tough times.

### **Background:**

USDA collected comments and supporting data for consideration of additional commodities through June 22, 2020. The following additional commodities are now eligible for CFAP:

- **Specialty Crops** - aloe leaves, bananas, batatas, bok choy, carambola (star fruit), cherimoya, chervil (french parsley), citron, curry leaves, daikon, dates, dill, donqua (winter melon), dragon fruit (red pitaya), endive, escarole, filberts, frisee, horseradish, kohlrabi, kumquats, leeks, mamey sapote, maple sap (for maple syrup), mesculin mix, microgreens, nectarines, parsley, persimmons, plantains, pomegranates, pummelos, pumpkins, rutabagas, shallots, tangelos, turnips/celeriac, turmeric, upland/winter cress, water cress, yautia/malanga, and yuca/cassava.
- **Non-Specialty Crops and Livestock** - liquid eggs, frozen eggs and all sheep. Only lambs and yearlings (sheep less than two years old) were previously eligible.
- **Aquaculture** - catfish, crawfish, largemouth bass and carp sold live as foodfish, hybrid striped bass, red drum, salmon, sturgeon, tilapia, trout, ornamental/tropical fish, and recreational sportfish.
- **Nursery Crops and Flowers** - nursery crops and cut flowers.

Other changes to CFAP include:

- Seven commodities – onions (green), pistachios, peppermint, spearmint, walnuts and watermelons – are now eligible for Coronavirus Aid, Relief, and Economic Stability (CARES) Act funding for sales losses. Originally, these commodities were only eligible for payments on marketing adjustments.
- Correcting payment rates for onions (green), pistachios, peppermint, spearmint, walnuts, and watermelons.

Additional details can be found in the Federal Register in the [Notice of Funding Availability](#) and [Final Rule Correction](#) and at [www.farmers.gov/cfap](http://www.farmers.gov/cfap).

### **Producers Who Have Applied:**

To ensure availability of funding, producers with approved applications initially received 80 percent of their payments. The Farm Service Agency (FSA) will automatically issue the remaining 20 percent of the calculated payment to eligible producers. Going forward, producers who apply for CFAP will receive 100 percent of their total payment, not to exceed the payment limit, when their applications are approved.

### **Applying for CFAP:**

Producers, especially those who have not worked with FSA previously, are recommended to call 877-508-8364 to begin the application process. An FSA staff member can help producers start their application during the phone call.

On [farmers.gov/cfap](http://farmers.gov/cfap), producers can:

- Download the AD-3114 application form and manually complete the form to submit to their local USDA Service Center by mail, electronically or by hand delivery to their local office or office drop box.
- Complete the application form using the CFAP Application Generator and Payment Calculator. This Excel workbook allows customers to input information specific to their operation to determine estimated payments and populate the application form, which can be printed, then signed and submitted to their local USDA Service Center.
- If producers have login credentials known as eauthentication, they can use the online CFAP Application Portal to certify eligible commodities online, digitally sign applications and submit directly to the local USDA Service Center.

All other eligibility forms, such as those related to adjusted gross income and payment information, can be downloaded from

[farmers.gov/cfap](https://farmers.gov/cfap). For existing FSA customers, these documents are likely already on file.

## Emergency Assistance for Livestock, Honeybee, and Farm-Raised Fish Program (ELAP)

ELAP provides emergency assistance to eligible livestock, honeybee, and farm-raised fish producers who have losses due to disease, adverse weather or other conditions, such as blizzards and wildfires, not covered by other agricultural disaster assistance programs.

Eligible losses include:

- **Livestock** - grazing losses not covered under the Livestock Forage Disaster Program (LFP), loss of purchased feed and/or mechanically harvested feed due to an eligible adverse weather event, additional cost of transporting water because of an eligible drought and additional cost associated with gathering livestock to treat for cattle tick fever.
- **Honeybee** - loss of purchased feed due to an eligible adverse weather event, cost of additional feed purchased above normal quantities due to an eligible adverse weather condition, colony losses in excess of normal mortality due to an eligible weather event or loss condition, including CCD, and hive losses due to eligible adverse weather.
- **Farm-Raised Fish** - death losses in excess of normal mortality and/or loss of purchased feed due to an eligible adverse weather event.

If you've suffered eligible livestock, honeybee, or farm-raised fish losses during calendar year 2020, you must file:

- A notice of loss within 30 calendar days after the loss is apparent (15 days for honeybee losses)
- An application for payment by Jan. 30, 2021

The following ELAP Fact Sheets (by topic) are available online:

- [ELAP for Farm-Raised Fish Fact Sheet](#)
- [ELAP for Livestock Fact Sheet](#)
- [ELAP for Honeybees Fact Sheet](#)

## Preauthorized Debit Available for Farm Loan Borrowers

USDA's Farm Service Agency (FSA) has implemented pre-authorized debit (PAD) for Farm Loan Program (FLP) borrowers. PAD is a voluntary and alternative method for making weekly, bi-weekly, monthly, quarterly, semi-annual or annual payments on loans.

PAD payments are pre-authorized transactions that allow the National Financial and Accounting Operations Center (NFAOC) to electronically collect loan payments from a customer's account at a financial institution.

PAD may be useful if you use nonfarm income from regular wages or salary to make payments on loans or adjustment offers or for payments from seasonal produce stands. PAD can only be established for future payments.

To request PAD, customers, along with their financial institution, must fill out form RD 3550-28. This form has no expiration date, but a separate form RD 3550-28 must be completed for each loan to which payments are to be applied. A fillable form can be accessed on the USDA Rural Development (RD) website at [rd.usda.gov/publications/regulations-guidelines](https://www.rd.usda.gov/publications/regulations-guidelines). Click forms and search for “Form 3550-28.”

If you have a “filter” on the account at your financial institution, you will need to provide the financial institution with the following information: Origination ID: 1220040804, Agency Name: USDA RD DCFO.

PAD is offered by FSA at no cost. Check with your financial institution to discuss any potential cost. Preauthorized debit has no expiration date, but you can cancel at any time by submitting a written request to your local FSA office. If a preauthorized debit agreement receives three payment rejections within a three-month period, the preauthorized debit agreement will be cancelled by FSA. The payment amount and due date of your loan is not affected by a cancellation of preauthorized debit. You are responsible to ensure your full payment is made by the due date.

## New USDA Survey to Measure Areas for Improvement

The U.S. Department of Agriculture (USDA) today announced a new annual survey of farmers, ranchers and private forestland owners. The survey will help USDA understand what it is doing well and where improvements are needed, specifically at the Farm Service Agency (FSA), Natural Resources Conservation Service (NRCS) and Risk Management Agency (RMA).

A selection of 28,000 producers will receive the survey over the next few weeks, but all farmers are encouraged to take the survey at [farmers.gov/survey](https://www.farmers.gov/survey).

This survey is part of the President’s Management Agenda. It requires High Impact Service Provider agencies across the federal government, including FSA and NRCS, to conduct annual surveys to measure and respond to areas needing improvement.

The survey consists of 20 questions and takes approximately 10 minutes to complete. Responses are confidential, and individual responses will be aggregated. The survey will be open for at least six weeks and will be closed once USDA receives a 30% response rate.

Learn more and take the survey at [www.farmers.gov/survey](https://www.farmers.gov/survey).

---

## Borrower Training for Farm Loan Customers

Borrower training is available for all Farm Service Agency (FSA) customers. This training is required for all direct loan applicants, unless the applicant has a waiver issued by the agency.

Borrower training includes instruction in production and financial management. The purpose is to help the applicants develop and improve skills that are necessary to successfully operate a farm and build equity in the operation. It aims to help the producer become financially successful.

Borrower training is provided, for a fee, by agency approved vendors. Contact your local FSA Farm Loan Manager for a list of approved vendors.
